

The Gordon's Retire from Treatment Foster Care

Claudette and Patrick Gordon have been Treatment Foster Parents since 1997. Patrick is currently working in post production. Claudette is "The Gentle Groomer" (505-401-4065). They are a wonderful couple who have dedicated their lives to making a difference in the lives of children. The Gordon's encourage more people to get involved and to set a positive example for children.

Red Mountain Family Services would like to thank Claudette and Patrick Gordon for their caring and loving service to the children of New Mexico. We wish you the best of luck with your business and want you to know that you will be missed!
